

**Conference Date Announced! September 19-20, 2007
Philadelphia Marriott Downtown**

The National Association of Chain Drug Stores (NACDS) and the American Pharmacist's Association (APhA) will showcase pharmacist impact and successes in MTM delivery through a national two-day conference. This summit will present information about current trends in the delivery of pharmacy-based services and the issues associated with MTM delivery. Additional details about the agenda and speakers will be forthcoming. Come learn how Community Pharmacist-Provided MTM is transforming pharmacy practice and the health care system, while improving patient care. Continue to check www.nacds.org for up-to-date information.
